

Coming in November

Washington State
Department of Social
& Health Services

DSHS 22-1330 (9/09)

DSHS is introducing its new client *Services Card* – a plastic card that will take the place of the Medical Assistance ID (MAID) card. **Your new Services Card will be mailed in November, along with instructions on how and when to start using it.**

- **The Services Card is permanent.** Keep it – it's good whenever you're eligible for services.
- **Each eligible household member will receive a Services Card.**
- **You don't have to do anything to receive the Services Card.** If you are eligible for services, the card will be mailed to you – automatically, at no cost!

So watch for your new Services Card, and remember to carry it with you.

Please note: If you currently receive a check with your MAID, your check will be mailed separately.

Questions? Visit <http://hrsa.dshs.wa.gov/providerone/clients.htm>, or read the Services Card brochure that will come with your card.
